

SACRED HEART DAYCARE AND LEARNING CENTER ILLNESS REPORT

Date: _____

_____ had the following indications of not feeling well today:

Child's Temperature _____ Time: _____ Reporting Staff: _____

A checkmark is next to the symptoms that a parent/guardian needs to be aware of:

- **FEVER:** a warning that there is something wrong. If your child has a fever of 100 degrees or greater, he/she must stay home for 24 hours or until the fever goes down to 98.6 degrees.
- **SINUS INFECTION:** greenish discharge from the nose might be a sign of infection. Child needs to stay home until gone or return with approval from doctor.
- **COUGHING:** If the cough is chronic, deep, or hacking, the child must stay home. He/she can return with approval from a doctor.
- **COLD:** mild, no temperature, feeling okay. If there are no other symptoms and snot is clear, then your child may attend daycare.
- **COUGHING:** If the cough is minor, your child may attend daycare.
- **SORE THROAT:** Child may appear to have one of the following symptoms: swollen tonsils or glands, white spots in throat, hurts when swallows or complains of not feeling well. Child needs to stay home until gone or return with approval from doctor.
- **RASH:** If we are unable to determine what it is, then child needs to stay home until gone or return with approval from doctor.
- **STOMACH ACHE:** light stomach ache, no diarrhea, vomiting or temperature. Appetite was less today. May return to daycare as long as symptoms don't change.
- **STOMACH ACHE:** vomiting or severe cramping. Must be kept home until 24 hours after last episode.
- **DIARRHEA:** After the third really loose stool, child must stay home 24 hours after last episode.
- **CONJUNCTIVITIS (PINK EYE):** suspected redness or discharge from one or both eyes. Very contagious. Your child must be on medication for 48 hours and have a doctor's approval before returning to daycare.
- **EAR INFECTION:** Suspected, complains of ear hurting. Needs to be on medication and have a normal temperature with no pain before returning to daycare or may return with approval from your doctor.
- **HEAD LICE:** If we detect nits or lice you will be required to pick up your child. Child may return after he/she has been treated with medicated shampoo and all the nits are removed.
- **ALLERGIES:** Runny nose and slight congestion. Your child may stay in daycare.
- **VOMITTING:** Mild. Your child only vomited once and he/she may still attend school.
- **VOMITTING:** Chronic. Your child vomited more than one time today. You must keep your child at home until 24 hours after he/she vomits.

Medications. A medication release form must be filled out with your child's name, amount and dates to be administered. All medications must be kept in their original container. Please ask your child's teacher for the medical release forms.
