NEBRASKA SMART IS A FREE VIRTUAL TUTORING PROGRAM FOR STUDENTS IN GRADES K-12.

Teacher education candidates from Chadron State, Peru State, and Wayne State Colleges remotely tutor students in Educational Service Units 1, 4, and 13 through an online tutoring platform.

HOW IT WORKS

Nebraska students in grades K-12 within Educational Service Units 1, 4, and 13 have free access to online tutoring with a qualified Tutor in specific subject areas. Students can request pre-scheduled appointments with a Tutor or log in to be connected with the next Tutor available in the queue. Students should provide homework for which they wish to receive help or topics that they would like to cover.

OUR PARTNERS

The Nebraska Department of Education has awarded a grant to the Nebraska State College System to develop a program that provides tutoring to students in grades K-12 in Educational Service Units 1, 4, and 13.

OUR TUTORS

Tutors are full-time students at Chadron, Peru, and Wayne State Colleges who have been admitted to the teacher education program, have completed background checks, and received training through their teacher education program coursework.
